THE
BULL
OF
BULLS

About the picture on the front cover of this catalog . . .

This is a recent picture of the 1955 International Grand Champion, Creekland Lancer x. When you see him, you will realize why he is acknowledged by breeders everywhere as the greatest Polled Shorthorn bull of all time. Thirty-four females in this sale sell bred to him. Six others will sell with breeding privilege.

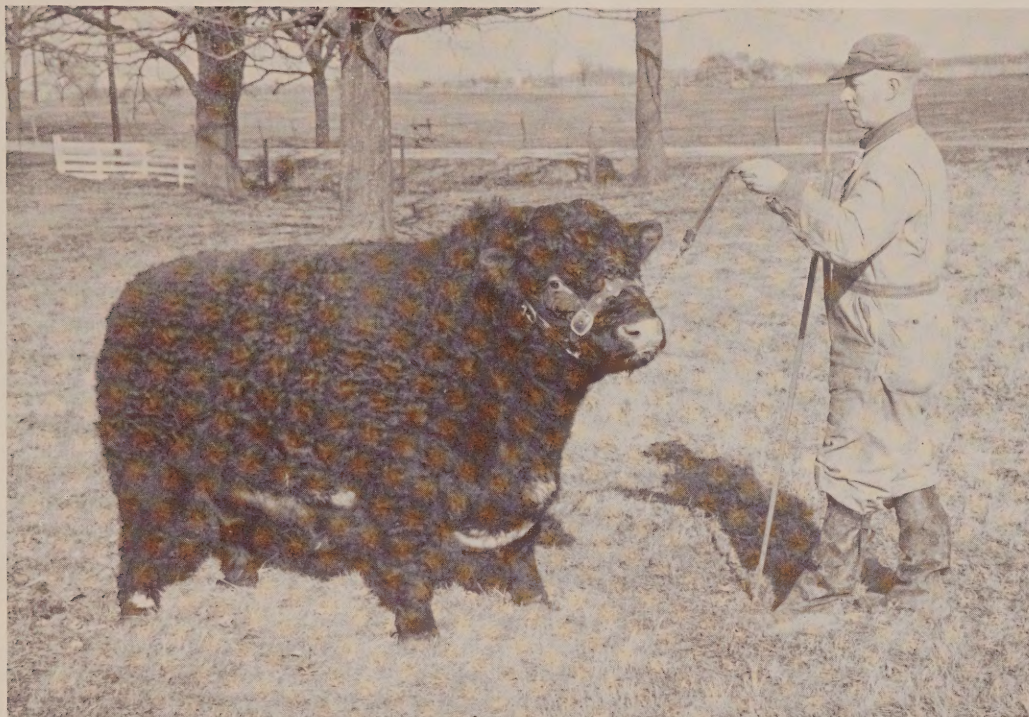

Success in the field of breeding improved livestock comes only to those who work toward an ideal. The Creekland Lancer type is the type of the future. Adopt it as your goal and there will always be a premium market for the calves you produce.

A number of other views of Creekland Lancer appear elsewhere in this catalog.

Performance—

We have never bought an animal without thorough study and full knowledge of the facts. We want you to buy with equal care. The more you study, the more firmly you will be convinced of the **PERFORMANCE** of Oakwood animals in the hands of their new owners.

Oakwood numbers among its customers good cattle breeders located in practically every section of North America and in fourteen foreign countries. One of them is just around the corner from you. We urge you to visit him for an inspection of those animals tracing to Oakwood blood. See for yourself the proof of performance. Note the trueness of form, character, quality and style that can be passed from generation to generation through the use of this strong blood.

Creekland Lancer x in his two-year-old form. A completely unretouched photograph. Note his bone, correctly placed short legs, his burliness, thickness, and depth from end to end. He is truly "The Bull of Bulls".

A sale for
everyone that
no one can
afford to miss

*For
Those Who
Want the
Best*

OAKWOOD
POLLED
SHORTHORNS

EIGHTEENTH ANNUAL SALE OF OAKWOOD POLLED SHORTHORNS

OAKWOOD STOCK FARM, ASHVILLE, OHIO

MONDAY, MAY 20, 1957

C. B. TEEGARDIN & SONS, Owners

Welcome

to

OAKWOOD

Here are the people who represent Oakwood Stock Farms . . . and they are shown with three of the heifers that sold in the 1955 Oakwood Sale. Paul Teegardin is in the rear. Carol is holding Oakwood Merry Missie 6th x, purchased at \$775 by L & L Farms, Dothan, Ala. Paul Jr. is holding Oakwood Juliana x that sold to Fred Smalstig, Pittsburgh, Pa., at \$1,000. Clara is holding Oakwood Clara T, purchased by H. D. Case, Mt. Airy, Md., at \$2,000, top female price of the sale.

WE EXTEND a hearty invitation to all lovers of both Scotch Shorthorns and Polled Shorthorns to attend our Eighteenth Annual Oakwood Sale.

Always we have had a determination to make each offering better than the last. This always calls for ingenuity. We assure you we have gone into herd replacements . . . bulls and females . . . to be certain that this will be the strongest lot ever offered in an Oakwood Sale.

We have tried to make it a sale offering that will appeal to everyone. The cattle are not highly fitted. We want them to go to work for you, and we want every buyer to be an Oakwood booster.

In my opinion the herd sires in service at Oakwood today have given us better cattle than we have ever owned. The International grand champion Creekland Lancer x, teamed with the great imported Scottish sire, Lawton Benefactor, and with Oakwood Landmark x, Circlevue Leader x, and Oakwood Regulator x, give us a herd bull battery in which we have every confidence. The calves sired by each bull bespeak the justification of our confidence.

No Oakwood sale offering has ever included stronger top bulls.

We are so enthusiastic about Creekland Lancer x and the calves he has sired, that as far as the females are concerned, it is completely a Creekland Lancer event. Thirty-four heifers are being sold mated to him. Six more sell with breeding privilege.

The calves by Creekland Lancer x out of the heifers sold in our 1956 sale have been of such uniform excellence that none is for sale. This is the best testimony to the worth of heifers carrying his service.

We hope you will arrive early enough to allow a thorough inspection and study of the sale offering. We also want you to study the herd bull battery, the cow herd, and the young calves coming along, so that you may see that the Oakwood pattern is well defined. We want to get acquainted with you and we want you to get acquainted with Oakwood Polled Shorthorns.

“GOOD WILL is the disposition of a satisfied customer to return to a place where he has been well treated.”

—From Ruling 106, No. 81 of the
UNITED STATES SUPREME COURT

These heifers are selling bred to the International Grand Champion, Creekland Lancer x. Left to right, Bar L Rosewood 10th x, lot 23; Imperial Orange Blossom 20th x, lot 52; El-Vi-Dor Superb Belle 2nd x, lot 36; Lady of Lone Oak 2nd x, lot 51; Oakwood Missie 29th x, lot 15; Oakwood Flora 8th x, lot 17; Oakwood Augusta Cestria x, lot 14; Oakwood Missie 33rd x, lot 19; Bar L Jealousy 2nd x, lot 20; Bar L Missie x, lot 22; Bar L Maid x, lot 21; El-Vi-Dor Missie x, lot 35.

Twenty of the thirty-four buyers in the 1956 Oakwood Sale had purchased in previous Oakwood auctions

Complacence . . .

**greatest enemy of
the purebred cattleman**

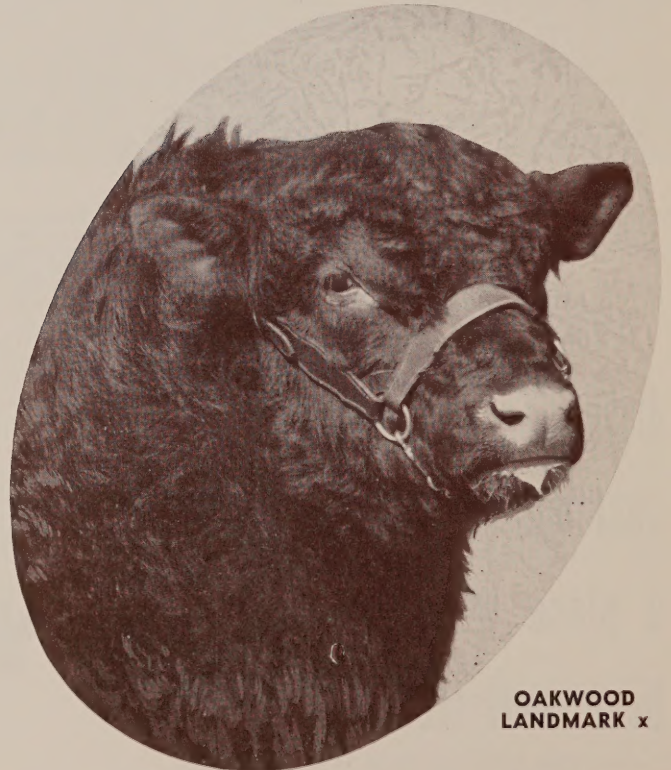

**CREEKLAND
LANCER x**

One never stands still in the purebred cattle business . . . it's either a case of going ahead or slipping behind.

The breeder who is unwilling to appraise accurately his herd productions and analyze their faults will stand in the light of his own progress.

Complacency in the matter of herd bulls is the most serious barrier to progress. The time to start looking for a new herd bull is immediately after the first calves arrive from your present herd bull. Study the calves. Know what you need to bring about further improvement. Then start looking. Selecting the right bull is a matter of deliberate study and the man who waits until his needs are desperate increases the chances of error manyfold.

Did you ever consider how easily you can change your entire cow herd through a program of culling and replacement? By eliminating the poorest ten percent, replacing them with better ones each year and holding back the natural increase, you can make a complete change and 100% improvement in your female herd in five years.

**OAKWOOD
LANDMARK x**

Security can be measured..

Yes, there is a way to measure future security in this business of breeding improved livestock but it can apply only to those who will heed the works of the masters. Centuries of experience outline the path and make very clear the fact that what you do today has a direct bearing on your success tomorrow. You can measure your ability to achieve security by your *planning-power* . . . the wisdom to set up a program of systematic improvement, the persistence to follow your program faithfully.

The goal of all who read this message is to make Polled Shorthorns the strongest breed on earth. To reach this goal, we must iron out the faults in individual herds in order to brighten the collective picture. Our best individuals today are equal in quality to the best of any other breed. Our greatest need then is to lift the general average quality of all Polled Shorthorns above the levels of other breeds. The laws of genetics provide positive proof that such improvement is possible only through liberal in-

fusions of richer blood, the kind that is drawn from ancestry of proven performance, to the end that all Polled Shorthorns will display more character, better fleshing qualities, truer beef form.

The Polled Shorthorn picture is bright but let us not be lulled into a feeling of self-satisfaction. The success of the breed as a whole is closely allied with the future security of each individual breeder. Yours can be measured by your willingness to weed and take advantage of every opportunity to infuse stronger blood.

This catalog deserves very careful study. The pictures give every evidence of excellent individuality. The pedigrees are very strong. If you have the will to improve, I am sure Oakwood is providing the way.

Hal Longley of The Shorthorn World

CREEKLAND LANCER x

**THE 1955
INTERNATIONAL
GRAND CHAMPION
BULL**

Oakwood has refused many flattering offers for this bull from expert cattlemen of North America and foreign countries. We have never regretted our decision. The first calves will be displayed at this sale. He is transmitting his superb beef pattern, ruggedness, and great head to every calf.

Thirty-four females in this sale will sell mated to him.

Six more sell with breeding privileges. This is the largest number of females ever offered in one sale bred to an International grand champion Polled Shorthorn bull.

Will they be good investments? Ask those who now have Creekland Lancer x calves from bred heifers purchased in last year's Oakwood sale. The answers will convince you!

GENERAL SALE INFORMATION

LOCATION . . . This sale will be held at Oakwood Stock Farm, Ashville, Ohio. It is 16 miles from Columbus. To reach the farm from Columbus take U.S. 23 south, 10 miles to our farm sign at cross road. Turn left on Harrisburg-Fairfield road where state highway 762 turns right. Go through Duvall, Ohio, six miles east to Madison Township School. Turn right one-half mile to farm on Goodman-Teegardin road.

TIME . . . Monday, May 20. Sale starts at 12:30 p.m. Eastern Standard Time. Lunch will be served at the farm on sale day by ladies of the church.

HEADQUARTERS . . . Neil House, Columbus, Ohio.

If you come to the sale by car, please invite your neighbor breeders to ride with you. If you come by train, plane or bus, simply go to the Neil House and we will provide transportation to the farm IF NOTIFIED. Those coming from the Acadia sale may wish to stay overnight in Circleville where there are a number of good hotels and motels. We will be glad to make reservations if you will advise us.

FARM PHONE . . . Ashville 2102

We ask all who travel by train or plane to advise us in advance so that we can meet them in Columbus. The Columbus airport is 16 miles from the farm. We will be glad to meet planes if notified.

We suggest you arrive early on the day of the sale so you will have an opportunity to inspect the herd bulls and breeding herd. We hope you will be able to arrive the day before the sale.

GUARANTEE . . . All cattle will be sold under the Standard Guarantee endorsed by The American Shorthorn Breeders' Association. In addition, we guarantee all animals to be breeders regardless of age. A condition of our guarantee is that notices of failure to breed must reach us within 6 months after the sale if animals are 14 months or over at time of purchase, within 9 months if animals are under 14 months at time of purchase. Shipment will be made as soon as possible after the close of the sale, without trouble to pur-

chasers, but all cattle will be at buyer's risk as soon as bid off. Every precaution will be taken to see that animals arrive in sound, healthy condition.

ANNOUNCEMENTS . . . All announcements made from the auction block on sale day and information on printed sheet of breeding dates to be distributed sale day take precedence over printed matter in this catalog.

TERMS . . . The terms are cash unless other arrangements are made with the owners in advance of the sale. All settlements must be made with the clerk at the conclusion of the auction and before the animals are removed.

HEALTH . . . The Oakwood Herd is Federally Accredited for Bangs Disease (No. 15,085) and Federally Accredited for Tuberculosis (No. 44,285). We practice calfhood vaccination for Bangs Disease. All females have either been vaccinated or have passed a clean Bangs test within 30 days of the sale. A 60 day Tuberculin retest will be allowed. Health certificates issued under the direction of the Ohio State Veterinarian will be provided with each lot sold.

LIABILITY . . . The above guarantee and terms shall constitute a contract between C. B. Teegardin & Sons and the buyer of each lot. Neither the clerk of the sale, nor the individual designated as Sale Manager assumes any liability, legal or otherwise. Where footnotes appear in this catalog they were furnished by the owner. We will make every effort to provide for the comfort and safety of sale day guests but we assume no liability for accidents of any nature.

INQUIRIES ABOUT CATTLE LISTED . . . The sale manager will gladly answer, to the best of his ability, any question which may arise in the minds of prospective buyers concerning the breeding and quality of any animals listed in the catalog. Such correspondence should be addressed to Don Longley, Sale Manager, 16 So. Locust St., Aurora, Ill.

First prize pair of yearlings, International, 1955, and undefeated wherever shown in 1955. Left, Creekland Lancer x. Right, Oakwood Clara T x, top selling female in the 1955 Oakwood sale purchased by H. D. Case, Mt. Airy, Maryland.

The Oakwood Herd Is Federally Accredited For BOTH Bangs Disease and Tuberculosis

First prize pair of bulls, 1954 International. Oakwood Landmark x and Circleview Leader x. Both are now in service at Oakwood. Circleview Leader x was purchased in dam by Melvin Kiger in the 1950 Oakwood sale and was repurchased by Oakwood. He was the reserve grand champion, 1954 International.

MY connection with Oakwood for the past eleven years has been one of an occasional visitor, since my field work has taken me mostly into other areas. However, this Spring, working as their sale manager, studying the offering, and having long visits with Paul Teegardin, I have become aware of the planning that goes behind every Oakwood sale animal. I have learned the reason why animals that trace to the Oakwood Sale are always the tops in the herds of their owners and why the offspring of these animals are always the premium kind.

Paul Teegardin is one of the greatest students of bloodlines in the business. He knows as much about Scotch Shorthorn bloodlines as any Shorthorn breed-

er and no one has a better knowledge of Polled Shorthorn bloodlines. This knowledge does not come simply from what he reads or from the fact that he is an expert judge of cattle with many, many years of practical breeding and showing experience. It comes largely from the observations he makes by traveling to more Polled Shorthorn sales, shows, and farms than any other breeder.

He has learned that a good individual is often produced from the mating of a top animal to a mediocre one, but that in practically every case an animal so produced will reproduce the mediocre side of its pedigree. He has learned that some families of cattle are worth owning, some are not. He does not always

THERE IS A REASON WHY OAKWOOD SALE CATTLE BREED WELL

demand show cattle, but he knows they must be bred right if you are to produce better Polled Shorthorns and get show cattle.

Twenty of the females were bred at Oakwood. Experienced breeders will realize immediately that this is a large number to take out of any herd at any one time, since sale cattle must fall within certain age brackets. Thus, to offer a real female selection it is always necessary to select the best females available throughout the land to complete the offering. Unlike some others who buy to re-sell, Paul Teegardin never buys females with a certain price in mind. Each investment is made on its own merit, and more often than not, the animals purchased are the top sellers of that particular auction.

In a way, there is a certain extra safeguard in purchasing at the Oakwood sale females that Paul Teegardin has purchased elsewhere. You have first Paul Teegardin's judgment on the original investment, and, secondly, your own judgment as to just which ones to select from the entire Oakwood offering. Every female purchased for this sale is purchased with the idea that it is bred right to be retained in the permanent Oakwood breeding herd.

Often we hear breeders say, "I would buy a Polled bull, if I could find the right one." We have such a bull in this auction, Oakwood Benefactor x. If I had any misgivings about saying he was the best Polled Shorthorn bull I had ever seen exposed for auction, the only reservations I might have would be Creekland Lancer x himself. There are four or five other bulls in this sale that also meet the qualifications of the man who has been saying, "I can't find the right Polled Shorthorn bull."

I have never seen such a Polled Shorthorn female offering as this. And, since practically every one sells bred to Creekland Lancer x, what more need be said.

DON LONGLEY
SALE MANAGER
THE SHORTHORN WORLD

150 LOTS OF THE FINEST SHORTHORNS AND POLLED SHORTHORNS SELL IN THIS SALE SERIES

SATURDAY, MAY 18 Annual Acadia Farms Sale, Northfield, Ohio. The herd in which the International grand champion steer over all breeds, P S Troubadour, was bred.

MONDAY, MAY 20 Eighteenth Annual Oakwood Blood Bank Sale. Starts promptly at 12:30 p. m. E.S.T.

MONDAY EVENING, MAY 20 Annual Ohio Polled Shorthorn Breeders' Association Sale. To be held at nearby Circleville. Starts at 7:00 p. m.

Left to right, Oakwood Missie 33rd, lot 19; Oakwood Missie 32nd, lot 18, (the Missie twins); El-Vi-Dor Superb Belle 2nd, lot 36; and El-Vi-Dor C Missie, lot 35. All sell bred to Creekland Lancer x.

AN EXHIBITION OF THE OHIO POLLED AND OAKWOOD SALE OFFERINGS

At 1 p.m. Sunday, May 19, there will be an exhibition and parade of the Ohio Polled Shorthorn Breeders' Association sale cattle at Circleville.

At 3:30 p.m. the group will return to Oakwood Farms for a program including the exhibition of the Oakwood sale offering and Oakwood herd sires.

Left: The kind you naturally expect to find in any Oakwood offering. These were sold in the 1955 sale. The two on the outside were purchased by H. D. Case, Maryland. The other three went to L and L Farms, Alabama, and Fred C. Dennis, Ohio.

"Red . . . a grand fellow and a real cattleman"

"Red" Ferguson (known to a few as Harvey) has been at Oakwood for 15 years. All this time there has been teamwork between "Red" and Paul Tee-gardin. His thinking and ideas have been injected into Oakwood operations. He has had active charge of the show herd, the breeding herd and the sale offering. He knows the herd thoroughly from his years of association with the families and the many great Oakwood sires of the past.

No herdsman has fitted and shown more winners than Red Ferguson has for Oakwood. It's always a good idea to talk to the man who feeds them. Red will be happy to answer any of your questions.

Oakwood Regulator x. Son of Commander-In-Chief x. Being held for herd duty at Oakwood.

Oakwood Maximum x by Commander-In-Chief x. Reserve senior champion, 1956 International.

Oakwood Nomination x. You'll see this son of Circleview Leader x at the major shows this fall.

Some Interesting Facts About Previous Oakwood Auctions

A total of 784 head of outstanding Polled Shorthorns have been sold through the seventeen Oakwood auctions for a total of \$679,510, or an average of \$867. Consider this record in the light of the year-in and year-out consistency it really represents . . . over a period of varied economic conditions. It means that whatever the economic conditions may be at any given time, top Polled Shorthorns will always bring a premium price. Also, it means if you will forget about whatever the market is at any given time and concentrate on improving your cattle, the law of averages over a period of years will work out for you.

Were these cattle appreciated? A total of 254 different breeders have bought them. A list appears on pages 28 and 29.

We are most proud of the number of repeat buyers. This number tends to increase every year. In last year's sale 20 of the 34 buyers, two-

thirds, had purchased in previous Oakwood auctions. Add to this the scores of breeders who have purchased at private treaty over the years and you will agree that Oakwood productions are at work wherever good Polled Shorthorns are known.

In the seventeen Oakwood auctions, 142 bulls have averaged \$1162. 642 females have averaged \$800.

Did you know that a number of International champions have been sold in dam through the Oakwood sale, including the 1952 International grand champion, S and G Admiration x and the 1954 International reserve grand champion, Circleview Leader x ? With forty of the 1957 sale females selling bred to or with breeding privilege to Creekland Lancer x, there could well be some International champions sold in dam in this sale.

OAKWOOD BLOOD BANK SALE . . . A SALE FOR EVERYONE THAT NO ONE CAN AFFORD TO MISS

A SPECIAL OFFER ON DELIVERY OF YOUR PURCHASES

We want to make it as easy as possible for every breeder in the land to draw from the OAKWOOD BLOOD BANK SALE. It would be nice if we could deliver every animal to your farm, but this we cannot do. However, through a trucking arrangement with a reliable local trucker, it is possible for us to deliver purchases free of charge to three particular points.

We have selected these three points because these livestock truckers go empty from Columbus to these points. Fortunately, delivery to these points will put the cattle much closer to a large number of breeders.

Many people will find that through this arrangement they will be able to get their Oakwood purchases home at very little cost. Remember, too, that if you cannot attend the sale yourself, you can send your bids, as many others have done in the past, to any of the highly reliable representatives listed on page 7.

As the map indicates we will deliver free of charge to any of the following points: Toronto or Milton, Ontario; Atlanta, Georgia; or Owatonna, Minnesota. These cattle will be left in responsible hands at these points for your pick-up.

The 1955 International Grand Champion, Creekland Lancer . .

HERE'S HOW HE LOOKS TODAY

In last year's sale thirty heifers were sold mated or with breeding privilege to Creekland Lancer x. We have attempted to see as many of these first calves as possible and have traveled over 2000 miles to do so. The calves we have seen, plus the calves at Oakwood, and the letters received from those we couldn't see, indicate clearly that every buyer is highly pleased with the calf he received. We find that we cannot buy these calves from their new owners. That is the best indication. These facts justify our confidence in Creekland Lancer x.

This year we have increased the number of females selling bred to Creekland Lancer x to 34, plus six more with breeding privileges. This is only a drop in the bucket to the need for this improving blood all over North America, but it is still the largest number ever sold bred to an International grand champion in one sale. It affords everyone an opportunity to own a Creekland Lancer x calf.

The reputation of Creekland Lancer x is at stake with every heifer to which he is mated . . . and we are proud and confident of every one.

We consider him not only the best Polled Shorthorn bull ever owned at Oakwood, but we feel he gives every promise of being the best sire in Polled Shorthorn history. When you see him sale day, we know your plans for the future will include the influence of the blood of Creekland Lancer x.

The owners of *Creekland Farms* may feel very proud to have bred him. The owners of *Oakwood Farms* are equally proud to be using him.

AT OAKWOOD LAST SPRING

Creekland Lancer x is shown in various poses at different ages in this catalog. We show him here from the time of his first picture at nine months to today as a two year old. A bull like this simply doesn't take a bad picture. There is nothing like seeing him in the flesh, however, to really appreciate such a bull. We hope you will be with us on May 20 to see for yourself.

AND AS A NINE MONTH OLD CALF

34 of the best heifers ever offered by OAKWOOD will sell

The most popular Polled Shorthorn bull of all time

Hilddale Collynie 8th x, 1948 International reserve grand champion. He has made a great record for Cooper Farms, Noblesville, Indiana, and is the sire of the dam of Creekland Lancer x.

CREEKLAND LANCER x gave me a feeling of confidence when I first saw him at Creekland Farm. He looked every inch a stock bull. Great head. A sire's eye. Bone—rugged bone, and short from his knee to the ground. A top that was level and true. Wide, front to rear. A bulging quarter. A coat of hair that indicated class and quality. As I had him paraded, he looked a stock bull. His pedigree gave me all the assurance I could ask.

Calrossie Highland Leader, his grandsire, was the same stamp, and one of the best stock bulls by the famed Kirkton Baronet. Kinsman was by Lawton President Roosevelt, brother to Lawton Field Marshal, the sire of Kirkton Baronet. We like line breeding at Oakwood in our herd bulls. Millhills Mysie 2nd was by the celebrated sire, Collynie Elect, and that gave a dash of Aldie Conqueror and Rosehaugh Mandarin. To my mind the sire's side was right!

The dam of Creekland Lancer is a dark roan cow possessed of what brood cows need. She was thick, roomy, deep-sided, had a good udder. She won a reserve grand

championship before she came to Creekland. Her sire, Hilddale Collynie 8th x, is one of the breed's top sires . . . a show bull too, for he won the reserve grand championship at the International before going to Cooper Farms. The granddam is a dark roan cow of great scale, smooth, level, a heavy milker and a polled granddaughter of Edellyn Royal Leader. The third dam was an outstanding female in the 1942 National Polled Shorthorn Congress Show and Sale. I liked her too.

To me, Creekland Lancer had every right to the great promise he evidenced. That made me feel we should bring him to Oakwood. His winnings at the Illinois and Ohio State Fairs and the International, stand as a matter of record. He topped his class, was junior champion, and grand champion bull at each show. We have never owned a bull that has been as universally popular with breeders, both in this country and abroad. Visitors from Scotland, Australia, South Africa and the Argentine, have acclaimed him to be the best bull of the breed to date.

Lawton Benefactor was bred to be a sire. That was a must in our minds. He looks the part. A tabulation of his pedigree shows he is backed by the best known sires of Scotland — bulls whose achievements are known and respected — bulls that have been BREED BUILDERS.

We want you to get your eyes full of Lawton Benefactor. Look at his general stock bull makeup — his great head, the eye of a sire. His short legs, his strong sturdy bone — a perfect hind leg. Great thickness and depth of rear quarter. Note his extreme length of quarter from hook to pin bone. Span his coupling to his first rib. When have you found a bull of closer coupling? His rear flank is let down low. A grand hide over thick natural fleshing. All these things are of prime importance at Oakwood.

Lawton Benefactor's sire was solid red, thick and low-set — the same stamp. His dam is a beautiful dark roan

heifer, medium in size, correct in her lines and a liberal milker.

The six young bulls being offered in this sale sired by Lawton Benefactor are the most promising lot of herd sire prospects we have ever offered, sired by one bull. We like the good heads he has given them. The strong, sturdy bone. Study their bottom lines — each has a rear flank that is low and full. We feel they will carry the stamp of Lawton Benefactor to their calves and thus contribute to Polled Shorthorn PROGRESS.

We have retained his first crop of heifers at Oakwood. Two daughters are being offered in this sale. The first grandson of Lawton Benefactor is one of the very best young bulls at Les and Gene Mathers' Leveldale Farms. His first grandson dropped in Ohio has been a Grand Champion. A daughter topped the Willow Lee sale last year and went to Acadia Farms. Our faith in Lawton Benefactor is justified by performance.

An unposed, unretouched photo of Lawton Benefactor as he looked at Oakwood last spring showing his bone, great width, spread of ribs and grand head.

Another unposed, unretouched photo showing his shortness of legs, position of legs and perfect proportions. Yes, we like him a lot!

Bone, substance, width, depth, short legs, perfect balance

use of the strongest Shorthorn blood in the world

All students of the breed will agree that Polled Shorthorn progress has been speeded through the introduction of the blood of certain famous Scotch Shorthorn bulls. In each case these bulls have been selected for specific reasons but always with the aim of better quality and beef form. The master breeder J. H. Miller introduced the blood of Whitehall Sultan and no one can deny the far reaching effects. Another great breed builder, H. L. Straus, introduced the blood of the Royal Leaders and a better breed resulted. Oakwood brought added quality,

character and perfection of beef form into Polled Shorthorns through the use of Imp. Gosshall Ximenes.

Judging from the calves and yearlings that may now be seen at Oakwood, it is evident that a further great contribution to the breed has come through the use of Imp. Lawton Benefactor. Mating him with Oakwood females brought about a blend of the blood of many International grand champion Polled Shorthorn bulls with the most prepotent blood of Scotland.

The calves you will see on sale day are very convincing. Every visitor to Oakwood, including those from foreign lands, has been impressed with the fact that Lawton Benefactor possesses those hard-to-get and much-needed Polled Shorthorn points and each has agreed that all of his desirable characteristics are being passed on to his polled calves. Yes, the owners of Oakwood have made another great contribution to Polled Shorthorns through the use of Imp. Lawton Benefactor.

—Hal Longley of The Shorthorn World.

Oakwood Benefactor x. Lot 1 in this sale. A bull that will establish a great reputation for his sire, his new owner and for Oakwood.

Oakwood Gladiator x. Stood second to the junior champion at the 1957 Royal Winter Fair, Toronto, Canada's leading livestock show.

**Eight more
reasons we believe
Lawton Benefactor
has founded a
new Polled
SHORTHORN
DYNASTY**

Oakwood Braemar x. Sells as lot 2. Another bull that will further the Lawton Benefactor influence.

Oakwood Benefit 2nd x. Sells as lot 3. A full brother to Oakwood Benefit x that heads the M. E. Beman & Sons herd.

Oakwood Benefit x. First prize summer yearling bull, 1956 Ohio State Fair. Sold last year to M. E. Beman & Sons, Ohio.

Oakwood Realist x. This son of Lawton Benefactor x brought \$2,000 in the 1956 Oakwood sale going to Franz Von Schilling Jr., Virginia.

Oakwood Citation x. Heads the herd of Ira Fisher & Sons, Ashville, Ohio. His first calves are sensational.

Oakwood Assurance x. This son of Lawton Benefactor sold for \$1400 to Henry Barsetti, Galt, California, in the 1956 sale.

OAKWOOD LANDMARK x

A son of OAKWOOD LANDMARK topped the 1955 Oakwood Sale at \$7500 going to the Argentine. Another son topped the 1956 Oakwood bulls going to Alabama. His get in this sale will carry on that tradition.

At left, Oakwood Landmark in a natural pose. His Oakwood heritage insures his ability to transmit his ruggedness and near-perfect pattern.

Oakwood Brigadier x, first son of Oakwood Landmark x. He was purchased in the 1955 Oakwood Sale at \$7,500, top price of the day, by Senora Esther Fernandez Nessi, Buenos Aires, Argentina.

Oakwood Wonder x, \$3,000 top selling bull, 1956 Oakwood sale. A son of Oakwood Landmark. Oakwood Wonder x now heads the good herd being established by Ted Franklin, Jasper, Alabama.

We would take nothing from his inheritance and we would add nothing to insure his prepotence as a sire.

OAKWOOD LANDMARK is very much the SAME PATTERN as his paternal brother the 1952 International grand champion S-G Admiration. His dam is a daughter of the 100% dehorning, thick, lowset, solid red Oakwood Crown Command. His granddam was grand champion female at the 1938 International and she was one of the best females, as a brood cow, to be produced at Oakwood. There is nothing in his inheritance we would change if we could. He has it the way we want it. This All American Favorite, Edellyn Royal Leader, Gosshall Ximenes, \$5,700 son of the Perth supreme champion Coldoch Union Jack, plus the two International grand champion bulls, Coronet Command x, and Oakwood Royal King x, the Peer of Sires.

The 1954 International Senior and Reserve Grand Champion Polled Shorthorn Bull

Circlevue Leader x, senior and reserve grand champion at the 1954 International Live Stock Show. Grand champion at the 1954 Ohio, Maryland and West Virginia State Fairs in horned competition. His dam sold as a bred heifer in the 1950 Oakwood sale. Lot 12 is out of his dam.

**Melvin Kiger bought his dam in the 1950
Oakwood Sale bred to Oakwood Leader x
... and another great champion was born
on the farm of an Oakwood customer.**

Circlevue Leader is now a member of the herd bull battery at Oakwood. He is the son of Oakwood Leader we are using to carry on the blood of that great sire. He is one of the most popular bulls with cattlemen we have ever shown. His first calf sold to Princess Anne Farm, Norfolk, Virginia, in the 1954 Customers' Sale and she has developed as she promised . . . she's a top female in any company. We are mating him to a lot of our cows and his first calves are most pleasing.

His dam is an ideal breeding matron by the 1946 International reserve grand champion, Alpine Sensation. His granddam was an outstanding granddaughter of the 1936 International grand champion, Oakwood Emperor.

Take time on sale day to inspect Circlevue Leader carefully. He has the head and look of a SIRE. He has bulk and depth, near perfect hindquarter, and he is right on his legs. Deep, rugged bone, and substance. Get your hands on him. A world of natural fleshing, covered all over, and a hide to qualify. He's a balanced bull and he's ALL bull!

He was the senior champion and reserve grand champion bull at the 1954 International in the fastest show of Polled Shorthorns in the world!

OAKWOOD RESOLUTE x

OAKWOOD RESOLUTE x has been added to the herd bull battery at Oakwood. He is a bull of scale and ruggedness. He is thick, deep-sided and smooth. Shoulders that are right, and that will stay right. Level and full at his tail setting. With all this, he has a grand head and looks like a sire. We feel he should be a dehorner. We have mated a dozen cows to him, many of them horned. We eagerly await his first calves.

His sire is a rugged, thick son of Commander-in-Chief x. His dam is a cow by any standard . . . good headed, thick, deep and a heavy milker. . . daughter of the 1936 International Grand Champion, Oakwood . . . and Oakwood Missie H x . . . both sired by the International Grand Champion, Oakwood Merry King x. He inherits his excellence and we expect him to sire calves of CORRECT PATTERN.

A STRONG NEW ADDITION TO THE OAKWOOD BULL BATTERY

COMMANDER-IN-CHIEF x

A PART OF THE OAKWOOD HERITAGE

OAKWOOD LEADER x

Space will not permit a complete listing of the accomplishments of Oakwood Leader x, his sons, and grandsons. An Ohio State Fair champion himself he sired the 1954 International reserve grand champion bull, the 1950 Polled Congress Champion bull, the 1950 International reserve grand champion female. Had he lived as long as Commander-in-Chief x, the list would have been just as long. However, his blood is being carried on in the Oakwood herd through his daughters and his son Circleview Leader x.

COMMANDER-IN-CHIEF x

"Sire Supreme" is our title for Commander-in-Chief x. The winnings of his get in the shows of 1950-51-52-53-54-55-56 by his sons and daughters, grandsons and granddaughters, is evidence of his right to this title. Three sons are in service at Oakwood . . . Oakwood Predictor x, 1951 International reserve grand champion bull; Oakwood Regulator, undefeated junior yearling at the 1955 Illinois and Ohio State Fairs and the 1955 International; and Oakwood Maximum, 1956 International reserve senior champion. His get placed first at the International in 1950, 1951, and 1953. Sons head many of America's greatest herds. Daughters are all over the world . . . and many in the Oakwood herd. He is out of the same dam as our great former herd sire Oakwood Leader x and the same dam as Oakwood Benefactor x, lot 1.

OAKWOOD DETERMINATION x

OAKWOOD DETERMINATION x

The \$10,500 top selling bull of the breed at auction. He was marked for herd bull duty the day he was born. Owned jointly by Oakwood and M. E. Beman & Sons, Thurman, Ohio. A son of Commander-in-Chief x and out of Gloster of Oakwood B x, a champion daughter of Gosshall Ximenes. That gave him the background necessary for herd duty at Oakwood, since we insist on our bulls being out of outstanding cows as well as being sired by proven bulls.

OAKWOOD CONQUEROR x

Oakwood Conqueror x was grand champion bull at the 1949 Ohio State Fair and stood first in class at the International. His granddam was the top selling mature cow of the Cherry Hill Dispersion and his dam is by Gosshall Ximenes, our great imported sire. He is sired by Edellyn Royal Leader 2nd. His many popular sons include the 1952 International grand champion, S and G Admiration x, and our Oakwood Landmark x.

OAKWOOD PREDICTOR x

Oakwood Predictor x was grand champion of the 1951 Illinois State Fair and reserve grand champion at the 1951 International. He was a champion twelve times in two seasons. One of the thickest bulls we have ever owned. A son of Commander-in-Chief x out of a dam by the International grand champion Coronet Command x.

OAKWOOD PREDICTOR x

Best ten head, 1950 International Livestock Show. Exhibited by Oakwood Stock Farm. Five are by Commander-in-Chief x, five are by Oakwood Leader x.

From 1950 to 1954 eight different sons and daughters of Commander-in-Chief x and Oakwood Leader x won championships at the International, plus three first prize gets and one second prize get. Can there be any doubt about what Oakwood Benefactor can do?

Twenty outstanding Polled Shorthorns are pictured on this page. Ten are by Commander-in-Chief x. Ten are by Oakwood Leader x. Lot 1, Oakwood Benefactor x is out of the same dam as Commander-in-Chief x and Oakwood Leader x.

Best ten head 1951 International Livestock Show. Exhibited by Oakwood Stock Farm. Five are by Commander-in-Chief x, five are by Oakwood Leader x.

Until March 15 we had no intention of selling Oakwood Benefactor x. In finalizing the sale offering we decided to put this bull in the sale so anyone who has said "I'd buy the right Polled bull if I could find him," would have the answer to his search.

We have no intention of losing completely the

service of this son of Imp. Lawton Benefactor out of the cow that has already given us two of our greatest sires. We retain the interest necessary to draw and use frozen semen from him at any time during his life. Should it be impossible to keep the semen, we retain the privilege of sending six females a year to the farm of his new owner to be mated to him.

OAKWOOD BENEFACTOR — Should be the STOCK BULL opportunity of 1957. His dam gave us two sons, Commander in Chief and Oakwood Leader, whose service has done more for Oakwood than the service of any two other polled bulls. The performance of their get is a matter of record. We could make a most convincing listing of the show ring performance of the cattle sired by each bull. We could show a MORE impressive story of the way these winners have "bred on".

The inheritance of Oakwood Benefactor is everything one could ask. Through his sire, Lawton Benefactor, he brings the best blood of Scotland, Kirkton Baronet — the sire of sires — and Kirkton Envoy, sire of the Perth Championship winner, Lawton Nelson — exported to the Argentine at a record price.

Lee Dale Collynie was the 1938 International Grand Champion Bull. Rosewood Renown was likewise an International Championship winner.

Oakwood Benefactor just looks a sire. Grand Polled head. Deep bodied. Thick, as you stand behind him. Good bone — clean and hard. Legs set right. Long quartered — full in his twist. A low hung rear flank. A color that will delight the critical.

We have just started this bull in service. We had no thought of ever parting with him, but Don Longley has prevailed upon us to offer a bull that will appeal to the critical breeders who have not found a bull to meet their requirements.

We feel his promise, his type, his inheritance and the record of performance of his two maternal brothers, Commander in Chief, the sire supreme and Oakwood Leader, the sire of champions, should warrant confidence in his ownership. We want his influence to "carry on" at Oakwood and we want to reserve the right to use the frozen semen from his bull. Should it become impossible to keep the semen, we want to retain the privilege of sending six females each year to be mated to Oakwood Benefactor.

Never have we offered a bull in which we have such great CONFIDENCE! Study him. Analyze his heritage. Consider what he COULD do for your herd. OWN HIM and Oakwood will be helping you PROVE IT!

The \$7,000 Oakwood sale top, Oakwood Conquest x. heads the herd of J. L. Adams, L and L Farms, Dothan, Alabama.

**What better
ASSURANCE
is there of his
Ability as a sire!**

Oakwood Request x. Used at Oakwood and sold to Fred Smalstig, Pittsburgh, Pennsylvania.

Oakwood Bardolier x. Topped the 1949 Oakwood sale going to King Bros., South Africa, for \$3,400.

Oakwood Bequest x. Grand champion 1950 Illinois, Ohio, West Virginia State Fairs. Died at an early age after leaving one great calf crop at Oakwood.

Oakwood Braemar x. Lot 2. Photo taken one year ago. His dam is a full sister to Oakwood Conquest. His granddam is the dam of the four great bulls pictured on this page.

OAKWOOD BRAEMAR — A bull with the look of a sire. Great head, smooth, no scurs. He is a rich, mossy coated dark roan. Deep bodied, lowset and thick with worlds of bone. He has scale and a wealth of natural fleshing. He stood third at the International with a distinct age handicap. He bespeaks the influence of Lawton Benefactor as an improving sire and the opportunity to introduce the best blood of Scotland into your herd and do it with a Polled bull.

Oakwood Bonnie Butterfly is a full sister to the \$7,000

Oakwood Conquest, whose calves, at Jim Adams' L & L Farm, have been outstanding. In addition to Conquest, Bonnie Butterfly 2nd is the dam of Oakwood Bardolier, exported to King Bros. in South Africa; Oakwood Request, now heading the herd of Fred Smalstig, Evans City, Pa. and Wm. Campbell, Centre Hall, Pa.; and Oakwood Bequest, undefeated in 1950 shows everywhere.

This bull cannot fail to be a TOP SIRE. Own him and he will PROVE HIMSELF.

Oakwood Benefit x. Full brother to Oakwood Benefit 2nd x, lot 3. Oakwood Benefit x sold for \$1.225 in the 1956 Oakwood sale to M. E. Beman & Sons, Thurman, Ohio.

HIS FULL BROTHER HEADS THE BEMAN HERD

OAKWOOD BENEFIT 2nd—A rich dark roan bull of distinctive inheritance. None of these bulls can be better sires than their inheritance permits. That's the limiting factor in this business. Here is a bull of whose promise we can be sure. Kirkton Baronet, Kirkton Envoy, Gosshall Ximenes, and the sire of sires, Oakwood Royal King represent guaranteed prepotence. Add to that the added fact that Oakwood Lady Gloster was one of the most consistent producers of top sires we ever owned. Her daughter, Oakwood Lady Gloster B, bids fair to equal her record.

His full brother, Oakwood Benefit, topped his class at the 1956 Ohio State Fair and now heads the M. E. Beman & Sons herd at Thurman, Ohio.

Here is a calf that can return DIVIDENDS as a sire. Give him the opportunity. He will justify our claim.

Bull

HIS FULL BROTHER SOLD FOR \$2000 LAST YEAR

OAKWOOD REALIST 2nd—A dark roan bull that has much to commend him. Good headed and smooth headed. Scale, smoothness and a full quarter. Deep rear flank. Legs set right. Those who attended our last sale will recall his popular full brother that went to Mount Pleasant Plantation, Spring Grove, Va. to head the new herd of Mr. and Mrs. Franz von Schilling. This son of Lawton Benefactor can be a bull "worth owning" for he comes from a family of cows that have made good at Oakwood since we bought his third dam, Evergreen Roan Lady in 1936. She was undefeated for two seasons. This bull has a birthmark on his left side that will but his calves will be right in their colors and he will no "bargain" bull of the sale.

ANOTHER RUGGED BENEFACTOR

OAKWOOD MENTOR—Has grown up the hard way. He has been pen fed with a group of bulls and deserved a better chance. He is a bull with no serious faults and a lot of good about his make up. An excellent head. Bone a-plenty. Rugged, well grown, smooth, ideal flank, shoulders smooth and deep quartered.

His dam is a daughter of Oakwood Leader. His granddam was one of the better breeding cows by the International Grand Champion, Oakwood Royal King, and the third dam was by our first International Grand Champion, Oakwood Baron. Ask to see the brother to Oakwood Mentor. He's among the better show prospects we have had at Oakwood.

Oakwood Clara D x. Purchased for \$2,900 in the 1956 Oakwood sale by Myrtle Lake Farm, Winter Haven, Florida. She is a full sister to Oakwood Chieftain, Lot 7.

Oakwood Chieftain, lot 7. Photograph taken in March, 1957.

His inheritance GUARANTEES

his FUTURE

Archwood Chief x. Made history when he sold as a three week old calf for \$2,900 to Archwood Farms, The Plains, Virginia. He is a full brother to Oakwood Chieftain x, lot 7.

Sporting Field Clara x, the dam of Oakwood Chieftain x. She was the grand champion female of the 1951 National Polled Shorthorn Congress.

OAKWOOD CHIEFTAIN — The last son of Commander in Chief to be offered. He was listed in our 1956 sale, but hurt a leg and was withdrawn. He is a bull that will please those who demand scale, with quality and smoothness. He has a feeder's hide and a lot of natural covering. He has done his growing and once that is accomplished these sons of Commander in Chief spread out, deepen and thicken as they mature. His full brother sold to Archwood Farms, The Plains, Va. for \$2,900 at three weeks of age. His sister sold in our 1956 sale to Myrtle Lake Farm, Winter Haven, Fla. at \$2,900. His dam was the 1951 Congress Grand Champion female and his second dam is by the 1941 International Grand Champion, Coronet Command. If you need weight-for-age stepped up in your calf crop, here's your bull. He should be a dehorner, too.

Bull

BOTH HAVE THE POLLED GENE FIRMLY BRED IN THROUGH THEIR 100% DEHORNING SIRE EACH HAS A GREAT SCOTTISH SHORTHORN BACKGROUND

OAKWOOD GOLD CUP—A very dark roan, almost red. He is a thick calf, short coupled, deep, soggy and one that will improve every day you own him. He has a head that bespeaks a stock bull. His dam has a long record of producing bulls that have made good. She's a grand cow and her dam and granddam were of the same type. That's why we brought her to Oakwood to establish this family in our herd. Here is a bull with a future, for the herd with plans for the future!

OAKWOOD DIRECTEE—A polled calf from a distinctive background. These sons of Oakwood Guarantee speak for him as a sire. The dam of this calf is one of the best cows we have in the herd. She is a full sister to the \$4100 champion bull in the 1951 International Sale. We believe so thoroughly in this family from Princess Doreen by Cruggleton Perfect, that we also own a full sister to Princess Doreen 6th. It takes cows like this one to produce herd bulls. He has grown up the hard way so will lack fitting and bloom, but his bloodstream is loaded with improving genes.

Bull

STUDY HIS BACKGROUND . . . IT ASSURES PERFORMANCE

OAKWOOD ANNEXE—A red bull with a future. He isn't fitted—has been pen fed and grown up the hard way. He has a smooth head. He has bone and substance, a sappy hide and a lot of "come" under that hide. His sire is doing a good job in the herd of Raymond Brackbill, Mechanicsburg, Pa., who had to go to \$2000 to own him in our 1955 sale. His dam is a granddaughter of both Cruggleton Prince Bob and Naemoor Pauline Pearl, the dam of the \$20,000 Calrossie Ocean Wave and Reford Gardhouses's Calrossie Forward March. She's also a granddaughter of the Perth Champion, Millhills Ransom and Augusta Cestria 9th by the International Grand Champion Browndale Goldspur. This bull will not bring his worth, but his owner will be an Oakwood booster.

HALF BROTHERS TOPPED OUR 1955 AND 1956 SALES

OAKWOOD GOOD MARK—A red son of Oakwood Landmark, whose sons have topped our 1955 and 1956 sales. This bull should be a dehorner for those with horned cows. His dam is an old cow, but she has a long record of producing good ones. Her daughter, Oakwood Gladness, was Reserve Grand Champion Female at the 1950 International. A son was second top selling bull and went to head the Wm. Rathbun herd at Kentland, Ind. Six International Grand Champion bulls and the Perth Supreme Champion, Coldoch Union Jack are behind him. Depth of polled blood with performance go with this bull.

THESE GOOD JUDGES

These heifers all sold in the 1956 Oakwood sale.

TWENTY OF THE THIRTY-FOUR BUYERS IN THE 1956 OAKWOOD SALE HAD PURCHASED IN PREVIOUS OAKWOOD AUCTIONS

We are proud of this list of buyers who have purchased in the past Oakwood sales. Add to this the scores who have bought from Oakwood at private treaty down through the years and you will realize why the name Oakwood is respected wherever Polled Shorthorns are known.

Although we are proud of the high percentage of buyers who have purchased at Oakwood before and who return for more from the Oakwood Blood Bank, we are equally proud of the new customers who come each year to infuse the Oakwood influence into their herds.

BY IMP. LAWTON BENEFACITOR AND OUT OF THE DAM OF CIRCLEVIEW LEADER

CIRCLEVIEW BENEFACITOR—A red son of Lawton Benefactor. His dam is the m of Circleview Leader, 1954 International Senior and Reserve Grand Champion. He speaks well for such a background. His head is splendid. He has good bone. He is short-legged, full in his quarter and low set. We feel he has all the ears of a stock bull.

His dam is a top cow by any standard. His granddam was the same pattern. We feel he deserves serious consideration. Alpine Sensation was the International Reserve Grand Champion bull. We exported him to Australia to top the Royal Easter Show and a daughter to win a Junior at auction, she set a record price for polled females. Circleview speaks well "backed-up" and looks the part.

HER LAST CALF WENT INTO THE BAPTON POLLED FOUNDATION IN SCOTLAND

OAKWOOD LINEMAN—A very dark roan, almost red, bull that is qualified as a sire. He has a splendid head and looks a sure dehorn. He is a bull of scale, great depth of middle and is ready for heavy service. He is a son of Oakwood Landmark, whose sons have topped the 1955 and 1956 Oakwood Sales. His dam is an old cow whose record of production has but few equals in our herd. Her last heifer is a foundation female in the Bapton herd in Scotland. Her son, Oakwood Majesty, was the 1955 Congress Grand Champion bull, selling at \$4,000 to Frank Johnson, Red Deer, Alberta, Canada. A granddaughter was the dam of the 1952 International Grand Champion, S and G Admiration. Another granddaughter is the dam of Carol's twin heifers in this sale.

About the Females in this Sale . . .

**34 females sell mated
to the 1956 International
grand champion bull
CREEKLAND LANCER x**

Like the heifers pictured on this page? Who wouldn't? They are just twelve of the 44 beautiful females to be sold. The other 32 are the same quality kind.

Best of all, these twelve heifers, along with 22 of the others will be carrying calves by Creekland Lancer x. Aren't they the kind from which you could expect to raise stock bulls?

Follow the plan adopted by many progressive breeders of culling the bottom 10% of your herd each year and replacing them with the same number that are better than anything you have been able to produce. In so doing, in the span of five or six years, you can change your herd completely. The additional investment will be paid for by the premium prices you receive for the bulls out of the better females you add.

These heifers are selling bred to the International Grand Champion, Creekland Lancer x. Left to right, Bar L Rosewood 10th, lot 23; Imperial Orange Blossom 20th, lot 52; El-Vi-Dor Superb Belle 2nd, lot 36; Lady of Lone Oak 2nd, lot 51; Oakwood Missie 29th, lot 15; Oakwood Flora 8th, lot 17; Oakwood Augusta Cestria, lot 14; Oakwood Missie 33rd, lot 19; Bar L Jealousy 2nd, lot 20; Bar L Missie, lot 22; Bar L Maid, lot 21; El-Vi-Dor Missie, lot 35.

Ask yourself this question. How much more does it cost to buy a heifer in the Oakwood sale over the cost of just a mine-run animal when you deduct the value of the calf she is carrying by Creekland Lancer x, the greatest Polled Shorthorn bull ever in service at Oakwood? Talk to those buyers who purchased heifers bred to Creekland Lancer x in last year's sale and see how they answer this question.

**Vaccination has been practiced at Oakwood for years and
no mention is made of this fact in individual footnotes**

OAKWOOD AUGUSTA CESTRIA—Should be the most valuable female we have ever offered. We find it increasingly difficult to make each sale offering a better lot of cattle. To MAKE SURE we are doing it THIS time, we have decided to offer her. She topped the largest class of females at the 1956 International. That establishes her individual excellence. She is a **better** heifer today.

For years we felt we wanted this Cruggleton Augusta Cestria family in our breeding programme. Few have been available and Elmhurst Augusta 14th is the best one we ever had a chance to bid on. She is a grand cow and this heifer stands as evidence of the soundness of our judgment.

Edellyn Modern Mercury was the best sire of females by the Perth Supreme Champion, Calrossie Mercury. Millhills Ransom, also a Perth Supreme Champion, and the International Grand Champion Brownale Goldspur, sire of Augusta Cestria 9th, would fully insure her heritage.

He represents the "most of the best" wrapped up in one hide, we have to offer. Due to calve in June to the service of Creekland Lancer. That calf might well be the most valuable calf of 1957 bred at Oakwood.

Roan, B. C. Carpenter

OAKWOOD MISSIE 29th—Is as red as they come. She has a sweet, breedy head. She is one of the Edgacote Missies descended directly from Edgacote Flapper. We really shouldn't part with this daughter of Oakwood Landmark. Her granddam produced the \$4000 Congress Champion, Oakwood Majesty, bought by Frank Johnson, Red Deer, Alberta, Canada. She is also the dam of Oakwood Missie Mine, selected by Gordon Blackstock as a foundation female for the Bapton herd. He included a daughter of Oakwood Landmark in his Bapton selections. Missie 29th is one we'd recommend and she is mated to Creekland Lancer.

CIRCLEVIEW AUGUSTA 3rd—A dark red daughter of Oakwood Landmark. You'll like her head, you'll like her depth, her smoothness and if you analyze her pedigree, you will BELIEVE in her! Her dam is an outstanding cow. Her first daughter has an outstanding show prospect that lends confidence to the value of this heifer. Deep in polled blood—here's one for the man who wants to prove his horned bull can sire top polled calves.

Look at the third bracket. What an array of proven sires! Edellyn Royal Leader 2nd, by Edellyn Royal Leader; Gosshall Ximenes by the Perth Supreme Champion, Coldoch Union Jack; Oakwood Crown Command, son of Coronet Command, 1941 International Grand Champion; Lee Dale Collynie, International Grand Champion in his own right. She's mated to Creekland Lancer.

Female

OAKWOOD FLORA 8th—One we hate to part with, but she can do equally well for you. Few heifers of her promise and inheritance are ever offered. She bespeaks the excellence of Oakwood Determination as a sire. She is of the same foundation as our other Cluny Floras. Allendale Flora was a champion at the Ohio State Fair and she is out of the same dam as Flora Mia, our foundation polled cow. Only the fact that we have a top heifer calf out of the dam this year prompts us to add her. We've always shared our best with our customers and that's what she'll PROVE herself TO BE! Mated to Creekland Lancer.

Left to right, Oakwood Missie 33rd, lot 19; Oakwood Missie 32nd, lot 18, (the Missie twins); El-Vi-Dor Superb Belle 2nd, lot 36; and El-Vi-Dor Missie, lot 35.

OAKWOOD MISSIE 32nd—A rich dark red heifer by Lawton Benefactor. This is the first sale in which we have offered his daughters. Those in his first crop were retained at Oakwood. This heifer can put a family through college if you'll keep her mated to good bulls. These Edgecote Flappers "breed on" and you'll not need to forget that the dam of the 1952 International Grand Champion bull, S & G Admiration was the first daughter of Oakwood Missie 15th. Missie 26th is her three-quarter sister and she has a dark roan bull calf (a full brother) that has GREAT PROMISE! She's mated to Creekland Lancer, too!

OUR LOSS . . . YOUR GAIN!

They will sell separately . . . but you should
buy both. In a few years they could
change the appearance of
your cow herd.

White, C. B. Teegardin & Sons

OAKWOOD MISSIE 33rd and her twin, Oakwood Missie 32 represent the kind of breeding and performance seldom offered. Our progress at Oakwood will be handicapped without them. They represent the best blood of Scotland, added to the best efforts of Oakwood. They should "carry on" in the finest tradition.

Carol sold the first daughter of Oakwood Missie 15th in 1950. We would have had the 1952 International Grand Champion bull dropped at Oakwood, if she had kept that heifer. Oakwood Missie 33rd has more brood cow PROMISE than anything Carol has ever offered and she's mated to Creekland Lancer. We need not make PREDICTIONS, but it could be a safe bet.

Female

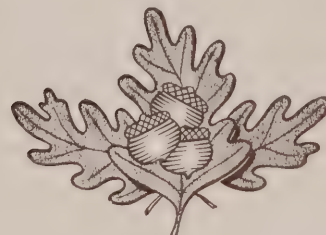

The 1952 International Grand Champion

S and G Admiration x. If we had not sold the first daughter of Oakwood Missie 15th, the 1952 International Grand Champion would have been calved at Oakwood. The Missie twins are out of her second daughter, a three quarter sister to the dam of S and G Admiration x . . . and they are the first heifers by Lawton Benefactor that we have sold. You'll find the rest a permanent part of the Oakwood herd program.

BAR L MAUD—One we'd like to keep at Oakwood for many reasons. First of all, she is an outstanding heifer. Sweet headed, low set, deep, smooth, true in her lines and with bone a-plenty. Second, she's a Shallenberger Maud—same family as the \$3050 International Reserve Senior Champion female sold to Tulleevin Farms, Mason, Ohio, last year. Oakwood Merry King, our 1939 International Grand Champion, had the same foundation. Third, she's out of a double-bred granddaughter of Collynie Command, sire of the 1951 International Grand Champion Bonny Butterfly 4th. Fourth, she's by the sire of the 1956 Congress Champion female Bar L Red Butterfly now at Avenel Farms, Bethesda, Md. Fifth, she's mated to Creekland Lancer and at any price her calf can repay the full investment.

Bar L Rosewood 10th x. lot 23.

Bar L Red Butterfly x. grand champion female, 1956 National Polled Shorthorn Congress. She was purchased for \$1,300 by Avenel Farms, Bethesda, Maryland. She is sired by Bar L Adjuster x, the sire of Lots 21 and 22.

OAKWOOD HELEN 6th—Could be the "bargain" of the lot. She is a direct descendant of the grand old imported Wellhouse Helena. Her dam has a red heifer calf sired by Creekland Lancer. That is the only reason she is being offered. We believe in this family for they have done so well at Oakwood. Circleview Leader was the 1954 Senior and Reserve Grand Champion bull at the International. Have a look at both Oakwood Clara T 2nd and Oakwood Nomination on sale day and you'll have further interest in this heifer. She is selling mated to Creekland Lancer.

GOLDEN CLIPPER — A solid red heifer of the Gordon Clipper family. Her second dam is a daughter of Oakwood Grand Duke, rated as one of the best sires of outstanding breeding cows that ever left Oakwood. A double cross of Collynie Foremost and Cherry Hill Sensation, by Edellyn Royal Leader 2nd further assure her value. Deep in polled blood and mated to Creekland Lancer.

OAKWOOD ESTELLE 41st—The only Estelle we will part with this year. Her sister, a year older, stays at Oakwood. George Miller, Thomaston, Ga., bought a sister in our 1955 sale. On a recent visit to his farm, we find she has developed into an outstanding cow and her daughter is the top yearling in his herd. Her second dam is sired by the 1939 International Grand Champion, Oakwood Merry King. Oakwood Estelle 4th was the dam of the 1936 International Grand Champion, Oakwood Emperor. It was a great day for Oakwood when we bought imported Milrig Estelle. It can be a great day when this little lady goes to work for you.

WILLOW LEE CLIPPER—A dark red heifer with a brood cow's head and promise. She could be the MOST VALUABLE heifer to be sold in 1957 for her dam is not only one of the best individuals to come to America from the famous Drynne herd, but she's a daughter of the noted sire, Drynne Conquest. The Drynne Clippers are rated at the top of the list. She's not filled, but she'll appeal to those men who want to be sure they'll have "better Polled Shorthorns" to sell in the years ahead. We are offering her with a breeding privilege to Creekland Lancer. The inheritance of that calf should be a guarantee of PERFORMANCE UNLIMITED.

Five more beautiful heifers in the 1957 Oakwood sale. Left to right, Oakwood Good Fortune x, lot 32; Oakwood Clipper A x, lot 31; Circle-view Augusta 3rd x, lot 16; Oakwood Lancaster 6th x, lot 29; and Oakwood Graceful Lady 6th x, lot 30.

OAKWOOD LANCASTER 6TH — A rich dark roan. She's right in her type. She is certainly right by heritage. Her dam is doing well for us. Her granddam was 16 years old when she quit breeding. This heifer will suit those who are critical. Earle W. Moore, Landon, Alabama got the daughter of this same cow last year. She was mated to Creekland Lancer. Ask us to see THAT CALF on sale day. It should lend confidence to what you'll expect from this heifer for she, too, is selling mated to Creekland Lancer!

	Oakwood Graceful Lady x1935262 Roan, C. B. Teegardin & Sons	

OAKWOOD GRACEFUL LADY 6th—The only Lady of the Meadow family in the offering. This family has made Polled Shorthorn history since J. H. Miller got the foundation cow in the Col. Harris Dispersion. Six International Grand Champion bulls are represented in her heritage. It's a family that have been consistent producers of winners for Oakwood since we bought Gallant Lady 2nd in 1928, she a daughter of the twice International Grand Champion, Lord Collynie. She'll never cost half her worth, but she will make her owner an Oakwood booster. She will calve in early August to the service of Creekland Lancer.

Oakwood Good Fortune 3rd x, sold to L and I Farms, Dothan, Alabama in the 1954 Oakwood sale for \$2,300. Out of the same dam as Lot 32.

OAKWOOD GOOD FORTUNE 4th — A daughter of the old champion and sire of champions, Oakwood Conqueror. Her dam produced the \$4,600 Oakwood Good Fortune 2nd, sold to Hi Ho Farms, Phoenix, Md., in our 1952 sale. She also produced the \$2,300 Oakwood Good Fortune 3rd, sold to L & L Farm, Dothan, Ala., in 1954. These Marr Floras have produced many top cattle for us since we brought the foundation cow here when the original Maxwalton herd was dispersed in 1923. This heifer can be the "bargain" of the day. She isn't a show prospect, but she'll be the "profitable kind", and her first calf by Creekland Lancer could be a winner. They are a breeding family. We'd recommend her.

Lot 31

OAKWOOD CLIPPER A x2873-536

Tattoo RE 19 A

Red, calved April 15, 1955. Bred by Ralph N. Agle & Sons, Jeffersonville, Ohio; 2nd owner, March 14, 1956, C. B. Teegardin & Sons, Ashville, Ohio.

OAKWOOD FLORA S—A sweet prospect from the same branch of the Cluny Flora family that has produced so many top cattle at Oakwood. Her sire was an outstanding prospect for a show bull and sire. Her dam is to stay at Oakwood. Study this heifer and you'll understand why. Edellyn Royal Leader 2nd; Farnley Purple, by the 1939 International Grand Champion, Oakwood Merry King; Royfield's Renown, out of the dam of the Congress Grand Champion, Royfield's Leader and Divide Rocket, by Duke of Killearn, would guarantee her inheritance. She is selling with a breeding privilege to Creekland Lancer. That should leave little to be desired for ASSURANCE.

CASTLE HILL LAVENDER W P—A dark, rich roan heifer that promises to develop into one of the "better kind." Great head, worlds of bone, deep bodied, a level lined, smooth heifer, that will be popular with those who are demanding of the best. She is another Lavender Princess and a granddaughter of Oakwood Determination, who sired the top female in our last sale. Selling with a breeding privilege to Creekland Lancer.

ROSEWOOD DELIGHT — Looks every inch a brood cow. She's one of the best headed heifers of the offering. She's smoothly turned, level, true in her lines and balanced, end to end. We like her broodiness and her "chock-full of quality look". She is loaded with strong polled breeding. A Bruce Rosewood out of a top dam. She is selling mated to Creekland Lancer and we predict that calf should be SOMETHING SPECIAL!

CASTLE HILL LAVENDER BRP—A granddaughter of the \$10,500 Oakwood Determination. Her dam is a granddaughter of the noted sire of brood cows par excellence, Edellyn Modern Mercury. She is a Lavender Princess—a family known far and wide. This heifer looks like she will make a breeding cow that will carry on the tradition of her heritage. She is mated to Creekland Lancer—and that should inspire a desire to own her.

OAKWOOD FLORA 9th — Represents an accentration of bloodlines we believe in. She is a daughter of Oakwood Determination. Also, a granddaughter of both Commander in Chief and Oakwood Leader, two of the best sires we ever owned. Further, her granddam, Flora Mia, has proven to be one of our better brood cows and the foundation female of this Cluny Flora family at Oakwood. This heifer isn't in high fit, but we feel she cannot fail to be one of the real brood cows of the offering. She is well forward to the service of Creekland Lancer. This calf might be PRICELESS.

OAKWOOD ANNETTE 8th—The thick kind. This is the last sale where the daughters of Oakwood Conqueror will be offered. Her dam has been one of the "old reliable" brood cows, and she is still here in her 16th year. Her daughter, Oakwood Annette 6th, was the 1954 Congress Reserve Champion female, and she's now in the Healey herd, Duluth, Ga. Two more daughters are in the South & Gallaher herd. We have one at Oakwood. They have all produced well—and that's the test. She is bred to Creekland Lancer.

GOLDEN TWILIGHT 2nd—An ideal type for a breeding cow. She has scale, thickness and roominess. These Hansen heifers have "made good" and if you'd like confirmation of that fact, just stop at Raymond Brackbill's farm, Mechanicsburg, Pa., and see the red heifer calf he got from a Strathallan heifer in our last sale. That calf is one of the best prospects we've seen ANYWHERE and she's sired by Creekland Lancer. Golden Twilight 2nd is mated to Creekland Lancer, and the calf could well be another of the same calibre.

Female

NONPAREIL OF OAKWOOD 5th — A smooth, level balanced, broody, red heifer. She's by the \$10,500 Oakwood Determination and he sired two first prize females for Oakwood at the 1956 International. Hillholm Nonpareil 2nd rates high as a breeding matron with us. See her son, Oakwood Nomination, reserved for 1957 shows. Recall the show heifer out of her that went to Dr. & Mrs. Stoll, West Plains, Mo., in our 1954 sale? Remember her sister that sold in 1953 to Oakshade Farm, Williamsport, Ohio? She's a brood cow for sure. Another daughter is at Oakwood to stay. The best blood of Scotland and America is combined here and she is well forward to the service of Creekland Lancer. Her calf should pay all she costs, if we can guess one!

Nonpareil of Oakwood 3rd x. Purchased in the 1953 Oakwood sale for \$1,800 by Dr. and Mrs. J. B. Stoll, West Plains, Missouri. She is out of the same dam as lot 45.

TIMBERLEE'S LAVENDER 2nd—Stood second in the 1957 Pennsylvania Farm Show in horned competition. She is a daughter of Oakwood Request, whose get are an exceptional promise. Take a good look here. She is a broody looking prospect—all the way. Level, smooth, deep, and a quality package. Take a look at the sires backing her—Gosshall Ximenes, Saltoun Squadron Leader and Cruggleton Aspiration bring the best blood of Scotland to combine with Coronet Command, 1941 International Grand Champion. She is mated to Creekland Lancer and will appeal to the breeder.

LAVENDER STAR—One of the kind seldom offered in any sale. She is a broody headed, short legged, deep sided heifer that has been a championship winner. She is correct in her makeup and her dark roan heifer calf at side is ample evidence that she will produce right. The calf is sired by Oakwood Formula, the dark roan son of Oakwood Conqueror, who is siring a great lot of calves for Kenneth Streng, New Waterford, Ohio. She is deep in polled bloodlines and each sire is a bull of known repute and inheritance. The discriminating breeder will find all the desired essentials here, for she's selling rebred to Creekland Lancer.

OAKWOOD BESSIE—A daughter of Oakwood Landmark. She looks like a production plant to us. She descends from imported Bessie of the Realm and every animal in this pedigree is polled, save Edellyn Royal Leader 2nd. She is smoothly turned, balanced and broody. Her dam is a heavy milking, thick cow of substance. She sells mated to Creekland Lancer.

OAKWOOD CINDERELLA 2nd—A sweet prospect for a top brood cow. She is a daughter of Circleview Leader, 1954 International Senior and Reserve Grand Champion bull. Her dam is at Oakwood to stay, for she is from one of the best families in the herd book. Clara's Cinderella 4th was a top breeding cow at Cherry Hill Farm. Cherry Hill Royal Clara's sister was the top open heifer in the Cherry Hill Dispersion and is a top breeding matron at Lynnwood Farm today. Every bull in her pedigree is a bull of distinction. She is deep in polled blood — and it's breed building blood she carries! Own her and she'll PROVE IT!

Female

LADY OF LONE OAK 2nd—Would be a top female in any herd. She is bred right to be right. Her full sister was of the same calibre and has garnered championships for the Healeys, Foxdale Farm, Duluth, Ga. Rosewood Sentinel topped the Ohio Sale. His sire, Creeffvechter Gallant was one of the shortest legged bulls to come out of Scotland. Oakwood Grand Duke, the \$5000 son of Gosshall Ximenes has left more good cows than any other Oakwood bull of his time. This Broadhooks family is **dependable** and this heifer is one to COUNT ON! She's due to calve in the service of Creekland Lancer. Ponder over her POSSIBILITIES and **RAISE** for she's worthy of special consideration.

IMPERIAL ORANGE BLOSSOM 20th—A red heifer of top notch promise. She looks every inch a brood cow. Sweet headed, smooth, level, balanced and true in her lines. She has a pedigree that is deep in polled blood and it is a family that has produced many of the "breed's best." Pancake Ridge Farm, Willoughby, Ohio, got a heifer from this family in our 1956 sale. Stop and see their heifer calf by Creekland Lancer and you'll share our confidence in the worth of Imperial Orange Blossom 20th and the way these Orange Blossoms "breed on." She is due for an early August calf by Creekland Lancer.

Kintyre Maud Mina 3rd x. Sold for \$3,050 in the 1956 Oakwood sale to D. J. O'Connor Jr., Mason, Ohio. She, too, was sired by Coronet Max juggler 9th x as is lot 53.

OAKWOOD SCOTTISH LASSIE—A rich dark red heifer with depth and thickness. Those who attended our last sale will recall the five outstanding daughters sired by Coronet Max Juggler 9th. The sister to this heifer is now in the Dilatush herd at Millington, Tenn. Another sister was one of the three top heifers in the Kenner Dispersion. That's why Kintyre Scottish Lassie came to Oakwood, and she's here to stay. Here is one that should appeal to horned breeders, for she is deep in polled breeding, and capable of establishing a strong family.

H C MODERN AUGUSTA—Will be one of the most valuable females offered in 1957. She has one of the best heads you'll see ANYWHERE. She's deep bodied, thickly covered and short of leg. She'll fill your eye anyway you look at her. She inherits all these attributes and can establish a family of TOP CALIBRE in any herd. She is due to calve in July to Creekland Lancer. Worthy of some thoughtful consideration, if you aspire to breed BETTER Polled Shorthorns.

THE ACID TEST . . THE WAY OAKWOOD SIRES BREED FOR OAKWOOD CUSTOMERS!

These four beautiful heifers adorned the cover page of the February 15, 1957 issue of The Shorthorn World. They are all sired by Oakwood Conquest x, \$7,000 top selling bull of the 1953 Oakwood sale, purchased by L and L Farms, Dothan, Alabama. They were all bred at L and L, but two of them were purchased in dam from L and L by The Healeys, Foxdale Farms, Duluth, Georgia. Not only are the cattle produced at Oakwood of the most approved form but, as this picture proves, they have the inherent ability to reproduce unfailingly in the hands of Oakwood customers.

Lot 55

Oakwood Conquest x and Oakwood Good Fortune x, first prize pair of yearlings at the 1953 International. Both topped Oakwood sales and both are now owned by L & L Farms, Dothan, Ala. Oakwood Conquest x is the sire of Lot 55.

GOLDEN GLOW — A dark red heifer. She is well grown, roomy mid-dled and a smooth turned heifer. These four daughters of Royal Collynie will make good brood cows. This Goldendrop family from this branch have been especially consistent producers. This heifer should uphold that tradition. She sells with a breeding privilege to Creekland Lancer.

Female

Lot 56

GOLDEN GLOSTER x2912-382

GOLDEN GLOSTER—A dark rich roan heifer that is a direct descendant of one of the best 34th branch Duchess of Gloster cows we have ever known. She is a granddaughter of Imported Crichton Broadway, a bull of note as a sire of exceptional breeding cows. She's one that can produce a grand calf from her service to Creekland Lancer. Ask Raymond Brackbill about the calf he has from a Hansen heifer mated to Lancer.

Oakwood Regulator x. Undeclared as a junior yearling in 1955 at the International, Ohio, and Illinois State Fairs. Sire, Commander-in-Chief x. Dam by Edellyn Supreme Mercury. He is being retained at Oakwood.

In Canada's leading livestock show, the Royal Winter Fair, 1956, in competition with the finest horned animals, Oakwood held the Polled Shorthorn banner high. Left, Oakwood Gladiator, the bull that stood second to the junior and reserve grand champion. Right, Oakwood Missie 34th, first prize junior heifer calf.

Oakwood Augusta Cestia x, placed first in the largest class of females at the 1956 International. Sire, Oakwood Determination x. Two yearling heifer sells as lot 14.

**In 27 International Shows
Oakwood has won —

its leadership. Plan now to attend the*

Eighteenth Annual Sale of Oakwood Polled Shorthorns to be held on MONDAY, MAY 20, 1957

Yes . . . ten times the supreme honor of International grand champion bull has come to Oakwood . . . a record without equal! All ten of these International grand champion bulls have been used at Oakwood, and today's calves, the best ever produced in the Oakwood Herd, represent a concentration of this championship blood. Is it any wonder that champions continue to come from Oakwood and from the herds in which Oakwood sires are used?

1926—Junior champion	Oakwood Radium
1927—Senior and grand champion	Oakwood Baron
1929—Senior and grand champion	Oakwood Rodney

1955—Junior and grand champion	Creekland Lancer
1956—Reserve senior champion	Oakwood Maximum

The old sign that adorns the auction stand at Oakwood will have to be changed. The list of foreign countries into which Oakwood animals have been sold now totals fourteen.

A WORD ABOUT THIS EXPORT BUSINESS

There is a reason why Oakwood has sold more Polled Shorthorns for export to more different nations than any other herd. Those experienced breeders who are introducing Polled Shorthorns into these foreign countries want only the best backed by the most potent bloodlines. They are not interested in paying all of the costs connected with the shipment of cattle overseas on just fairly good ones. They want to start out at a point in Polled Shorthorn progress that it has taken us a half century to reach.

This export business is mighty nice, if you can get it. You can get it if you start with the kind the buyers from Argentina, South Africa, Scotland, Australia, New Zealand, and Canada demand. Only through planting such seed can one hope to attract this profitable trade.

The whole world lies at the doorstep of Polled Shorthorn breeders. Shorthorns are the most numerous breed of beef cattle the world over. Everywhere those who own Shorthorns are thinking of Polled Shorthorns. Complacency will not only prevent you from getting premium prices in your own locale . . . it will also be a bar against the wide market you can enjoy away from your immediate area. The name Oakwood, and the Oakwood herd sires, are recognized and appreciated wherever Polled Shorthorns are known. This catalog will be sent to more overseas cattlemen than any other piece of Polled Shorthorn literature. This means dollars in the pockets of Oakwood customers.

Oakwood Brigadier x, first son of Oakwood Landmark x. He was purchased in the 1955 Oakwood Sale at \$7,500, top price of the day, by Senora Esther Fernandez Nessi, Buenos Aires, Argentina.
